Mission: To efficiently and effectively provide logistics solutions for our clients using customer tailored solutions.

Corporate Values

- Integrity
- Teamwork
- Communication
- Customer Focus
- Compassion and Understanding
- Continuous Improvement

TRANSPORT

Kengas Link Limited, an ISO 9001:2008 certified company provides transportation services in East and Central Africa. Our growing fleet ensures efficient delivery of over 15 million litres of AGO (Diesel), JET-A1 (Jet Fuel), PMS (Super), IDO (Industrial diesel Oil), IK (Illuminating Kerosene) on a monthly basis and over 3000 containers annually. Cargo moved varies from containerized cargo, loose cargo and abnormal/oversized cargo which is transported using special low loaders. Safety is our core value. Our goal is to have zero fatalities and no incidents that cause harm from all perspectives - safety first.

ENERGY

Kengas Energy is committed to meeting and exceeding customers' requirements through seamless service delivery and excellent product quality at our service stations. Respect for the environment is integral to how we conduct our business. Our assurance is the right price for the right quantity and 100% Quality guaranteed.

SUPPORT SERVICES

Kengas Support Services majorly operates in the remote areas. Alongside its experienced partners, Kengas Support Services provides a plethora of services and can be tailor made/designed to meet our client's needs. Services include on site procurement and delivery, fleet management solutions, warehousing and catering services.
